Storage:

Store in full, original, tightly closed container in a cool place, away from heat and direct sunlight.

To limit oxidation the contents of the container should all be used once opened. Otherwise the container should be tightly closed each time it is opened, and the oil re-tested before use.

Shelf Life:

Ultimately shelf life is dependant upon correct packaging and storage.

When stored within advised conditions, re-test after 12 months then at 3 monthly intervals up to a maximum life of 36 months.
